## PERSONAL DESCRIPTION

---

I'm computer engineering student at Birzeit University implicated to back-end development. I have an outstanding background of programming languages and software development methodologies. Also, I gained a lot of experiences due to personal and group projects at the university.

## EDUCATION

---

Birzeit University BA in Computer Engineering

- **Current GPA:** 90% (December 2023)
- **Courses:**
  - Computer and Programming (C-language)
  - Object Oriented Programming (JAVA)
  - Data Structure and Algorithms
  - Digital System Design
  - Computer Architecture
  - Database System
  - Machine Learning

## PERSONAL PROJECTS

---

### Pharmacy System

*Pharmacy System link*

\* <https://github.com/MohammadJarrar1201726/COMP333DBProject.git>

*Jan2023*

Data Base Course

### Data Structure Project

*Data Structure project link*

\* <https://github.com/MohammadJarrar1201726/DataStructureProjectOne.git>

*Nov2023*

Data Structure and Algorithms Course

### AI Project

*AI Project project link*

\* <https://github.com/MohammadJarrar1201726/AIProjectOne.git>

*June2023*

Artificial Intelligence Course

### Computer Archeticture Project

*Computer Archeticture project link*

\* <https://github.com/MohammadJarrar1201726/ComputerArchetictureProject.git>

*January2023*

Computer Archeticture Project Course

## TECHNICAL SKILLS AND INTERESTS

---

**Programming:** C, JAVA, PYTHON, Verilog, Assembly, SQL, HTML

**Soft Skills:** Problem Solving, Team Management

**Interests:** Linux, Bash, JavaScript
